

## Executive Roundtable Discussion

“Run-Improve-Grow™ helped us achieve a 9% increase in income despite a recession driven 10% fall in revenue. Plus, we can now manage more change quicker and more boldly.”

Ron Stibich, President of Fibre Glass-Evercoat

**The rate of change in the market can only be overcome by our faster rate of change.**

### See How Other Business Leaders:

- Maintain the strong team they have in place today as they grow
- Control costs as sales increase in order to gain market share
- Have confidence their team is spending time in the right areas to execute 2010 initiatives
- Jumpstart business innovation to drive future growth

Leaders across many industries have been using the proven **Run-Improve-Grow™** system to outpace competitors by ensuring their teams are spending time in the right areas. This results in improved focus and clarity, enabling leaders time to ask “What’s next?” and take action on innovations.

This working session will not only expose you to the **Run-Improve-Grow™** philosophy; you will work closely with other leaders facing similar challenges on developing a tangible plan for executing current priorities and setting a clear course for the future!
